The diagram illustrates the character's physical and mental attributes. It features three hexagonal gauges: Hit-Points (HP), CPs (Combat Points), and LFPs (Life Force Points). Each gauge is divided into segments for Archangel Modifiers, Body Save, Mind Save, and Soul Save. To the right of each gauge is a vertical column of three boxes representing sub-stats: ST (Strength), E (Toughness), SPD (Agility) for the Body gauge; IQ (Knowledge), MT (Mental Def.), PER (Perception) for the Mind gauge; and CRG (Courage), WIL (Will), CHA (Influence) for the Soul gauge. Each sub-stat box is connected to a corresponding modifier bar on the far right.
